

Food Name

PK – 1st

1. Launch Pixie

2. Select the blender tool

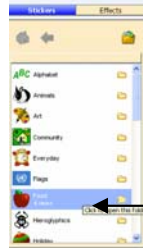

and navigate to letters.

Choose Letters

3. Make sure the size is big enough and stamp each letter of your name.

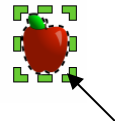

4. In the stickers menu, navigate to Food Stickers.

Double Click for Food Stickers

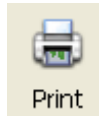

5. Place a food sticker that starts with the same letter for each letter of your name. *(If you cannot find an object that begins with the same letter as your name you can put in the hieroglyphic or go to Pics4Learning to locate a picture.)*

6. Click on the green handles and drag to make the picture smaller.

7. Select the text box tool  to type your name at the top.

8. Print your picture.
