Michele Bennett	2019 bond items	What is the status of the special education sensory rooms for elementary and secondary schools?	<p><b>Responses:</b></p> <p>MISD is currently in the planning stages for sensory rooms. The district is expecting to have 80% of the Sensory Rooms completed and ready by August, 2021. In addition, the remaining 20% of the sensory rooms are expected to be completed by November, 2021.</p>
Gabriel Nila	Special Thank you	<p>Good evening Board,</p> <p>My name is Gabriel Nila. I am an 8th grade Science teacher at Manor Middle School. I am also the LULAC District XII Director, which has Councils in Travis County, including Manor. These past few weeks have been very challenging for not only our scholars, but their families and the community of Manor, as a whole. I wanted to take this time to thank several Board members for their continued service to the community as we worked on getting food, water, and other help to our scholars and their families.</p> <p>I wanted to thank Board President, Monique Celedon for her continued work to help families get the necessary food and water to our families. Through her help and her work with others, many families received the basic nutrients needed to survive. I also would like to thank members Ana Cortez and Tameika Thomas for their help with distributing water to our Briar creek community and on helping get warm food when our families had no heat.</p> <p>I also would like to give a thank you to Superintendent, Dr. Spencer, for trying to help a member of the community who was looking to coordinate efforts to help families get back to normal after our initial freeze.</p> <p>These efforts do not go unnoticed and our community members will always remember the work put in by our top leaders in our school district.</p> <p>Thank you.</p>	<p>Thank you for your comment</p>
Ryan Cengel	9.5. Consideration and possible action on the Director of Employee Relations (Human Capital) Candidate and Director of Food and Nutrition Candidate	<p>Good Evening Trustees,</p> <p>I'd like to introduce myself as the candidate for the Director of Nutrition and Food Service position. My educational background and professional experience make me an ideal candidate for this position. I have a strong passion for school nutrition and fully understand how important it is for both the academic achievement and growth and development of our scholars. My goal as Director will be to transform the Food and Nutrition program in Manor ISD into a nationwide model by expanding food access, improving the quality of food served in our cafeterias, supporting our local farmers and businesses by purchasing locally and creating a program that reflects the values of the Manor community in a compliant and fiscally responsible way. I look forward to becoming a member of the Manor ISD team and can't wait to get started in this exciting and vitally important role. Thank you for considering my candidacy and I look forward to working with all of you.</p> <p>Sincerely,</p> <p>Ryan Cengel</p>	<p>Thank you for your comment and welcome to Manor ISD.</p>
