

we are

I am Norma Juarez your Parent Liaison. I believe strongly that parents involvement is the number one factor in helping students succeed. One important role i have is to facilitate parents' involvement in the education of theire children. I am confident that if we work as a team, we can help our little ones rech their full potential. I have been working with Manor ISD for 25yrs. I welcome any feedback or suggestions regarding services that I can provide for you.
