<td><strong>A Legacy of Giving</strong></td>
<td>A Legacy of Giving teaches students to improve their communities through philanthropy. This organization uses service learning to teach a five-step process that students can use whether they aim to reduce poverty, examine water and environment issues or improve education. These steps are: 1. Learning: through our Academic Assemblies 2. Internalizing: through the delivery of our Academic Assemblies and Teacher Lessons 3. Advocating: through Teacher Lessons developed by Legacy 4. Acting: through Community Impact Projects, such as Day of Service, Walk for the Water or Student Choice 5. Reflecting: through Teacher Lessons developed by Legacy</td>

<td><strong>Assistance League of Austin - Operation School Bell</strong></td>
<td>Established in 1984, the flagship program, Operation School Bell, has provided new school clothing to children whose families cannot afford to provide them with necessary clothing. Their schools and social service agencies in need identify children, and Assistance League members give each child individualized attention with the goal of improving their attendance, academic performance, as well as their self-esteem. Students, grades pre-k through elementary, select two pairs of pants, belt, five shirts, six underwear and socks, jacket, new shoes, backpack, and grooming kit – essentially school clothing for a week. Clothing is purchased at wholesale with funds raised by Assistance League of Austin’s THRIFT HOUSE, grants, and generous donations from volunteers and the Austin community. High school and non-uniform middle school students are given the opportunity to shop at a designated retail location in the Teen Outfitters Project.</td>

| **Breakthrough Central Texas** | Breakthrough builds a path through college, beginning in middle school, for students from low-income communities who will become the first in their families to earn a college degree.  
The program combines individualized, long-term case management with extended learning time for students who statistics say will not enroll in or graduate from college without significant support. | Decker Middle

| **Communities In Schools of Central Texas** | The founding principle of Communities In Schools is to establish one-on-one relationships with individual students in order to support them beyond obstacles to success in school. The Communities In Schools Program Manager connects personally with students who have been referred by teachers or administrators to improve student achievement.  
They create a service plan based on each child’s needs and then make that plan happen. They may provide crisis intervention, individual counseling or support groups, basic life skills, tutoring, mentoring, or enrichment opportunities — whatever it takes to help the child succeed. | Decker Elementary

<td><strong>Con Mi Madre</strong></td>
<td>Con Mi MADRE is unique in that it focuses on strengthening the mother-daughter bond while providing support and educational opportunities for both daughters and mothers. Con Mi MADRE’s continuum programming allows participants to decide which projects and services meet their needs. Services for girls are age and grade appropriate and topics address the social, mental and academic barriers that prevent them from attaining their educational dreams. Services for parents work to create a family culture that values education, embraces a college degree as an achievable dream for their daughters, and supports parents in raising a young Latina. All services, activities, and materials offered by Con Mi MADRE are bilingual and presented in a culturally competent manner, honoring the girls’ Hispanic heritage.</td>

### Education Connection

Leaders in education research for Central Texas identified 3rd grade literacy as one of four systemic problems facing our community. Research identified that from kindergarten to 3rd grade a child learns to read. From 3rd grade on a child reads to learn. If a child is behind grade level at the end of 3rd grade his/her academic and economic future is not promising.

Education Connection partners with the faith-based community, to recruit volunteers to read to children one-on-one, while supporting educators as they help children to learn and grow.
