

School Health Advisory Council Meeting Minutes
February 11, 2021
6 to 7:15PM

- I. Welcome
- II. Minutes – February 11, 2021 approved.
- III. Health Services Update - COVID 19 Testing
Assistant Director of Health Services Diana Rios Rodriguez provided a brief overview of COVID-19 Rapid testing and the phased roll out of testing that will occur at Manor Excel Academy. Additional updates provided included how the health services department is continuing to work with COVID-19 case reporting and monitoring students who may be symptomatic.
- IV. Austin/Travis County Community Health Plan
Meran Lujan, Austin Public Health Planner provided information about the Community Health Plan 2020 progress and also provided resource information for how the district can partner with Austin Public Health to provide some support with physical education initiatives and sex health and wellness.
- V. Parent Engagement Overview
Parent Engagement Coordinator, Ramon Diaz presented on the goal and mission as well as the role and duties of the parent engagement department. Information was provided on how they have been supporting the scholars both in-person and virtually since COVID-19 began. Mr. Diaz included the list of partners that the parent engagement collaborates with throughout the year and the kind of services provided. In addition, Mr. Diaz’s presentation included information on how they support the parents by providing resources and communicating information regarding the Title I program and services, how this communication is shared with families and the accomplishments and accolades for 2020-21.
- VI. Physical Education Overview
Physical Education Lead Coach, Kenneth Young, provided a presentation of how the physical education department is meeting the needs of the scholars during the pandemic. In addition, Mr. Young provided information about the Fitnessgram and how this will be followed with scholars who are virtual based on the State not waiving the Fitnessgram test. In addition, Mr. Young shared how the PE department did a needs assessment and identified which campuses needed an equipment refresh.
- VII. Updates
