

**Lagos Elementary School
Parent Compact
2020-2021**

Research shows that children earn higher grades and test scores, attend school more regularly, and have a better chance of graduating when their parents are involved in school activities. Actually, family involvement in education appears to be critical for the success of the students. Parents, teachers, and students must work together. We ask you to sign this agreement in support of the partnership between the home and school.
